Online Adoption Profile

What does the * mean?

An * indicates a required field. You must fill in the field to complete your user profile.

What are the roles within the Online Adoption tool and what can they do?

Approver

Approvers are users at the school who have the authority to approve a Submitter’s adoptions, for example, an instructor’s supervisor or department head. Users with the appropriate authority, as in a professor who does not need someone else to approve her adoptions, can designate themselves as approvers upon registering on the Online Adoption tool.

Approvers can:

- Create, edit and print their own online adoptions or the online adoptions they submit for others
- Renew adoptions submitted by anyone at their institution
- Search all adoptions for their institution
- Edit or reject any adoptions submitted inside the same store
Online Adoptions FAQ

Submitter

Any user can be a submitter, but a user would only want to register as a submitter if he is required to have his adoptions approved before they can be processed. For example, if a graduate student instructor must have his supervising instructor review and approve his adoptions, he should register as a submitter.

Submitters can:

- Create, edit and print their own online adoptions or the online adoptions they submit on behalf of someone else
- Renew adoptions submitted by anyone at their institution
- Search all adoptions for their institution

Why do I have to create a security question?

If you forget your password, answering your security question correctly grants you access to your account.

How do I send copies of my online adoption orders to other people?

On the home page, click Profile. In the Email Order Info to Additional People box located at the bottom of the Profile page, type the email addresses for people who should receive a copy of your adoptions.

Why do I need to re-enter my email address when I update my profile?

This is just a security measure to confirm the update.

Ordering

What does the * mean?

An * indicates you must fill in the field to complete the order. It’s a required field.

Who should I contact if I can’t find my term?

Contact your campus bookstore.

I can’t find my class information in the drop-down list. What should I do?

If your class information does not display in any of the drop-down boxes, manually add the information by clicking the Manually enter link next to the field.

What is a continuation course?

A continuation course is a course that lasts more than one academic term and often uses the same textbook; for example, Accounting 101 and 102 are considered a continuation course and use the same textbook.
How do I add a section?

On the Select Course or Section(s) page, find the Section Info area and click the +Add Another link on the right side of the page. A box appears for you to add sections.

How do I remove a section?

On the Select Course or Section(s) page, find the Section Info area and click the Remove link on the right side of the page.

Why would I choose “All Sections”?

Choose All Sections when all sections of the course use the same textbook, regardless of instructor.

When should I select the “No materials needed for this course” check box?

Select this check box when students do not need any course materials for the course.

How do I communicate any special instructions to the bookstore?

Navigate to the Review Order page of the Online Adoption tool. At the bottom of the page, type special instructions in the Add notes for your bookstore box.

What do the Material Usage selections mean?

There are three Material Usage selections that indicate how the material is used in the course:
- **Required**: the title is mandatory for the course
- **Recommended**: the title is not required but may be helpful to supplement the course
- **Choice**: multiple titles are adopted and the student is required to only purchase a portion of the titles. For example, if the student needs 4 of the 10 texts adopted, all texts should be adopted as Choice.

I've submitted my Online Adoption order. Now what happens?

If you are a Submitter, your order is available for your Approver to review. If you are an Approver, the online adoption is sent to the bookstore.
