Program Name: COOK LIKE A CHEF AT S.U. FAMILY and CONSUMER SCIENCES SUMMER CAMP

Duration: Four Week: June 4-July 6, 2012  8:00 a.m. to 4:00 p.m.

Description: This program is designed to provide students and their parents learning experiences that will enhance their knowledge, awareness and attitudes regarding the benefits of healthy cooking, eating and physical activity. The camp includes Monday-Friday daily sessions for students and weekly sessions for parents. The camp consists of classes that focus on basic food preparation techniques, nutrition education and factors that influence eating behavior; a variety of physical activities; cooking demonstrations by local chefs; and field trips. The program’s objective is to evaluate the impact of the summer camp on promoting healthy eating and physical activity lifestyles among families; thus, reducing childhood obesity in the Southern University community.

Criteria: Students completing the 4th -8th grades spring 2012. One parent or guardian of the student attending the camp must attend the weekly Parents’ Night, one-hour class. LIMITED SPACE AVAILABLE.

Cost: There is no cost to the student. Stipends will be awarded to students who have excellent attendance.

Program Name: Developing Educational Skills for Kids (D.E.S.K.) Academy Summer Camp

Duration: 8 Weeks - May 29, 2012 – July 20, 2012 - 7:30a.m. – 5:00p.m. *Monday – Friday
Orientation: For Parent/(s) and Children May 26, 2012 10-12pm Location TBA

Description: Developing Educational Skills for Kids (D.E.S.K) Academy is offering an 8 week program that enhances cognitive, social, character, and physical skills in developing the total child. The curriculum includes the use of critical thinking skills with mathematics, reading (ELA), and science in a hands-on, interactive, cooperative learning environment focusing on the cognitive skills. Curriculum will be infused with Social Studies. As a bonus, we will offer a conflict resolution component which will help the children to effectively work through day-to-day situations.

Pre-evaluations will be done to assess each child’s starting level and post-evaluations will be done to show improvements. This program addresses remediation and enrichment skills. The expected outcome is to ensure readiness for the current school year including leap preparedness for those 3rd and 4th grade students. The program is enhanced with the inclusion of both a highly qualified and certified teaching staff and administration that includes college professors with years of experience. We will be working in conjunction with Southern University’s Master of Public Administration Association (SUMPAA) and other Southern University Associations and/or departments.

Criteria: Participants must be entering K – 5th grade in the fall. Remediation, on level, and above level students are all welcome to participate in the program. A copy of final grades and standardized test (if given), are required to be submitted with registration packets. All students must have a recent physical from their doctor clearing them to engage in sports and other types of physical activities. Parents must also include any and all allergies as it relates to food, or anything else.
Cost: $125.00/week fee* and a $125.00 Registration fee* (All fees are non-refundable & non-transferable)

Personal checks will not be accepted.

* EARLY REGISTRATION DISCOUNTS: Register by May 1st for the following:
$25.00 discount on registration fee. Register more than one child from the same household for a $75.00 registration fee for each additional child after the first at $125.00. Also receive a weekly reduced fee of $90.00 for multiple children from the same household after the first $125.00 fee.

Southern University personnel receive a reduced weekly fee of $90.00/child only when registered by May 1st.

Lock in your SAVINGS today by Registering Early!!! Hurry, slots will fill fast!!!

Contact: Valery Johnson, B.S.Ed - Instructor at (225) 572-4875 or (225) 357-4549 or Judy W. Brass, B.S.C.S., MPA candidate - Exec Director at (225) 257-7610
deskacademy@gmail.com or www.deskcamp.org (check regularly for updates)

Deadline: May 11th or until we reach capacity (Registration and the first weeks’ fees must be received by the deadline along with all paperwork).

Other Notes: D.E.S.K. Academy Summer Camp is located on the campus of Southern University in Higgins Hall. Dr. Leslie T. Grover, associate professor, Southern University Department of Public Administration, is the lead professor for camp development and program information. Breakfast and lunch will be provided at the Southern University Laboratory School. Snacks will be provided by the camp. Each participant will be provided a t-shirts. Additional shirts may be purchased for a nominal fee. The program will not operate Monday, May 28th in observance of Memorial Day or Wednesday, July 4th in observance of Independence Day. Parents will be notified when/if to send the children with swimsuits and towels, etc. Parents will receive prior notice of activities. Transportation will not be provided to and from the camp. However, transportation for off campus fieldtrips will be chartered through First Student.

Fieldtrips/ Special Events: If a special event or fieldtrip by chartered bus is offered, parents will be notified. Registration Drives: TBA

Culminating Event: TBA
Program Name: ExxonMobil Bernard Harris Summer Science Camp (EMBHSSC)

Duration: July 8 – 20, 2012

Description: The ExxonMobil Bernard Harris Summer Science Camp (EMBHSSC) is organized to provide activities, experiments, projects, and field experiences for students entering 6th, 7th, or 8th grade in the fall of 2012. The camp promotes science, technology, engineering and mathematics (STEM) education and supports historically underserved and underrepresented students with limited opportunities. EMBHSSC is a two-week, academic, residential camp that emphasizes increasing students’ mathematics and science knowledge and skills while introducing them to college life and stimulating their interest in science and engineering as a potential career path. The camp will be held on the campus of Southern University Baton Rouge, Louisiana 70813. Students will be housed in a dorm on the university’s campus. Camp participants will be selected from the Greater Baton Rouge area and surrounding parishes. Students attending school out of Louisiana are not eligible.

Criteria: Students currently in grade 5, 6, or 7 who have an interest in science and mathematics, at least a B average in science and mathematics courses and a passing score on the state’s standardized science and mathematics test are eligible to apply.

Cost: Students attend the camp free of charge.

Contact: Dr. Edgar R. Blevins, Camp Director; Southern University and A&M College; P. O. Box 11776; Baton Rouge, LA 70813 Phone: 225.771.2730

Deadline: All requested documents are due by the deadline date, April 30, 2012. Applications are available at www.phys.subr.edu/timbuktu.htm. Each completed application packet must be post marked by April 30, 2012. Hand delivered or faxed applications will not be accepted.

Other Notes: Immediate family members of the University faculty and staff, EMBHSSC camp staff and ExxonMobil employees are not eligible.
College of Business | Garrett A. Morgan/Ford PAS Summer Business Institute

Duration: March 30, 2012 to July 13, 2012
(Monday through Friday) 8:00 A.M. – 3:30 P.M.

Description: The Southern University College of Business presents the “Garrett A. Morgan/Ford PAS Summer Business Institute – 2012 to 4th-8th grade students. The Summer Institute explores academic and practical issues related to business and transportation. The students will participate in many economics sessions in the College of Business. Math skills and practice sessions involving test taking (Leap-Iowa) will be an intricate part of the summer programs.

Students will explore FUNdamental field trips every Friday and participate in many fun physical activities. The program will focus on Survey of Accounting, and Personal Finance, Management, Marketing, Basic Economics, Entrepreneurship, Computer Skills, Review of Math and Communication Skills, in addition to healthy sports and recreational activities. The Garrett A. Morgan/Ford PAS Summer Business Institute primary focus is to provide a quality program for all participants; therefore, a zero tolerance discipline policy has been adopted.

Criteria: Available for students 4th through 8th grade, with a GPA of 2.2 and above. Acceptance into Garrett A. Morgan/Ford PAS Summer Business Institute is on a first-come-first serve basis. The Garrett A. Morgan/Ford PAS Summer Business Institute primary focus is to provide a quality program for all participants; therefore, a zero tolerance discipline policy has been adopted. All students must be picked up on time. Early Bird registration is March 15-April 30!

PROGRAM: Sankofa Academy Program for Middle School and High School Students

Orientation: Mandatory parent and student orientation will be held Sunday, June 3, 2012, at 3:00 p.m. in Room 102 Lee Hall.

Duration: This is a six-week summer program. It starts Monday, June 4, 2012, and ends Friday, July 13, 2012.

Program Time: 8:00 a.m. – 5:00 p.m. (Students may be dropped off at 7:15 a.m.; they should be picked up by 5:45 p.m.)

Description: The Sankofa Academy is an academic empowerment program designed to enhance students’ critical thinking skills, mathematics skills, English skills, and reading comprehension skills. The courses prepare students for future high school or college studies.

Criteria: The enrollment for the Sankofa Academy’s commuter program at SUBR is one hundred (100) students. Participants must be entering the 8th, 9th, 10th, 11th or 12th grade. Judgment and character are among the criteria for participating. Each student must have an acceptable school disciplinary record and must attach a recent ACT, PSAT, or SAT score to the application. If students do not take the ACT assessment by April 14, 2012, they will still have time to take the June 9, 2012, ACT assessment.

Cost: The non-refundable enrollment fee is $700. This fee does not include meals or snacks. Students are expected to bring a bag lunch or to go to the University cafeteria. The cost for lunch in the cafeteria is $6.50 per day. We do not offer scholarships; we do not offer a reduction in the enrollment fee for multiple siblings. We do not adjust the enrollment fee for absences. We do not give refunds if the student is dismissed for reasons such as inappropriate behavior, poor health, sickness, vacation, etc.

Deadline: May 4, 2012 (application deadline and fee payment deadline) Register early in order to reserve your space!

Transportation: Parents must provide transportation to and from SUBR.

PROGRAM NAME: Summer Bridge Institute (SBI) at the Timbuktu Academy

Duration:
Eight Weeks (This program follows the University calendar.)
Orientation: Friday, June 1, 2012 (Mandatory for student participation.)

Description:
SBI is an early college enrollment and research program aimed at recruiting top high school graduates at Southern University and A&M College. Priority is given to those majoring in one of the science, technology, engineering, and mathematics (STEM) disciplines (i.e., physics, chemistry, biology, mathematics, computer science, or architecture). A minimum of 7-8 hours of college course hours, depending on research schedule, is required. Participation in a weekly research and enhancement seminar is required. The internalization of the locus of control is one of the aims of SBI. Study hall for three (3) hours per day, Monday to Friday, is also mandatory. SBI is funded in part by the Department of Navy, Office of Naval Research (ONR), and others. The enrollment for SBI, per summer, is typically 20 scholars.

Criteria:
Successful applicants must earn the high school diploma by June 2012, have a minimum GPA of 3.0/4.0, and a minimum ACT score of 21. Participants must major in a STEM (science, technology, engineering, and mathematics) discipline.

Cost:
Tuition and fees, and books will be paid by the Timbuktu Academy and the Louis Stokes Louisiana Alliance for Minority Participation (LS-LAMP) funding agencies. For the summer of 2012, SBI is a non-residential program.

Deadline: April 30, 2012
Program Name: Southern University Summer Transportation and Energy Institute (STEI)

Duration: June 4, 2012 through June 30, 2012  
Website: www.transpoenergyinstitute.com

Description: The Summer Transportation and Energy Institute is a unique concept that is designed to create an awareness of opportunities which exist in the transportation and energy industry and to stimulate an interest in secondary elementary school students in Science, Technology, Engineering, and Mathematics (STEM). The institute consists of two programs: academic and enhancement. The academic program introduces participants to science issues, global conservation and land, air and water transportation. The curriculum includes problem-based learning projects, use of critical thinking skills, and hands-on projects. The enhancement program covers time management, study habits, test-taking skills, oral and written communication skills, and computer skills. Weekly fieldtrips are taken to enforce what is learned in the classroom. The participants will be engaged in a four-week intensive math, science, technical writing, and transportation and robotics program.

Criteria:

1. Interest in STEM
2. Upcoming 9th, 10th, 11th or 12th grade student
3. Minimum 2.5 GPA (include an official high school transcript)
4. Letter of Recommendation from current Math or Science Teacher
5. Copy of LEAP, EXIT or End of Course Test Scores from School
6. Most Recent ACT scores for returning students (must be taken before June 4)
7. 4 week commitment to Green Learning (student-parent- institute contract)
8. $100 Non-Refundable Registration

Cost: $100 non-refundable deposit per student (deadline April 15, 2011)

Deadline: The deadline to complete the online application at is www.transpoenergyinstitute.com April 16, 2012. The deposit, transcript, scores and letter of recommendation must be postmarked by April 20, 2012.

Notes: The Institute’s hours are from 8am-5pm daily.
PROGRAM NAME: THE CLASSIC UPWARD BOUND PROGRAM

Description: Classic Upward Bound provides fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their pre-college performance and ultimately in their higher education pursuits. Classic Upward Bound serves: high school students from low-income families; high school students from families in which neither parent holds a bachelor's degree; and low-income, first-generation military veterans who are preparing to enter postsecondary education. The goal of Classic Upward Bound is to increase the rate at which participants complete secondary education and enroll in and graduate from institutions of postsecondary education.

Classic Upward Bound projects provide academic instruction in mathematics, laboratory sciences, composition, literature, and foreign languages. Tutoring, counseling, mentoring, cultural enrichment activities are also provided.

All Upward Bound projects MUST provide instruction in math, laboratory science, composition, literature, and foreign language.

Other Services: Instruction in reading, writing, study skills, and other subjects necessary for success in education beyond high school Academic, financial, or personal counseling; Exposure to academic programs and cultural events; Tutorial services; Mentoring programs; Information on postsecondary education preparation

Criteria: The Classic Upward Bound Program selects potential participants from the 9th and 10th grade. Selected students must attend one of Classic Upward Bound's targeted schools and meet guidelines established by the United States Department of Education Federal TRIO Programs. Target high schools for this program are Baker High, Belaire High, Broadmoor High.

Cost: No cost for academic services.

Deadline: Please contact Ms. Rhonda Robinson, Director at (225) 771-3880 for further information.
PROGRAM NAME: THE UPWARD BOUND MATHEMATICS AND SCIENCE PROGRAM

Description: The Upward Bound Mathematics and Science Program is designed to strengthen the math and science skills of participating students. The goal of the program is to help students recognize and develop their potential to excel in the STEM disciplines and to encourage them to pursue postsecondary degrees in related areas.

Program services include: a summer program with intensive math and science training; year-round counseling and advisement; exposure to university faculty members who do research in mathematics and the sciences; computer training; and participant-conducted scientific research under the guidance of faculty members or graduate students, who are serving as mentors.

Other Services:
Instruction in reading, writing, study skills, and other subjects necessary for success in education beyond high school; Academic, financial, or personal counseling; Exposure to academic programs and cultural events; Tutorial services; Mentoring programs; Information on postsecondary education preparation

All Upward Bound projects MUST provide instruction in math, laboratory science, composition, literature, and foreign language.

Criteria: The Upward Bound Mathematics and Science Program selects potential participants from the 9th and 10th grade. Selected students must attend one of the Upward Bound Mathematics and Science Program’s targeted schools and meet guidelines established by the United States Department of Education Federal TRIO Programs. The target high schools for this program are Baton Rouge Magnet High, Glen Oaks High, Jackson High, Plaquemine High, Pointe Coupee High, Scotlandville High, Southern Laboratory High, and Zachary High.

Cost: No cost for academic services.

Deadline: Please contact Mr. Earl Lee, Director at (225) 771-3880 for further information.
