OBJECTIVES

This program is available for children and youth between the ages of 5 and 12. Participants will receive an exciting alternative to summer fun and learning. It features a variety of fun classes designed to stimulate as well as provide an outlet for creativity.

Students will be engaged in various classes throughout the program's hours. Participation in this program is expected to ultimately help students to become better prepared when they return to classes in the fall.

*Hours of operation 8 a.m. until 5 p.m. Extended services available for additional fee.

Highlights:

- Fun and exciting classes
- Breakfast and Lunch provided
- Special guest appearances
- Off-campus trips
- Certified teachers

COURSE OFFERINGS

Reading / Writing Project - A writing session for students which combines writing, and reading activities for students 9 –12 years old.
