FALL2022 REGISTRATION

Recruit the Best and Brightest
AT SOUTHERN UNIVERSITY and A&M COLLEGE

Greetings and Welcome to the Southern University and A&M College Main Campus!

We are elated to meet our new and tenured employer partners! We have missed seeing you all in person and we are glad to get back to a new level of normalcy for the Career Services Center activities.

Enclosed you will find an agenda and career fair information that will assist you and your team as you navigate throughout the week. It is our hope that you gain an excellent experience and enjoy the opportunity of meeting our greatest stakeholders, our students.

Thank you in advance for being an essential employer partner and an integral component of our student's learning experience. As we navigate through the new normal, we appreciate your willingness to mentor, guide and employ our students!

Thank you again and we look forward to maintaining a strong partnership with you and your organization!

Sincerely,

Tamara J. Montgomery

OVERVIEW OF SERVICES FOR OUR STUDENTS

Websites

Review the Career Services Center's website at www.subr.edu/careerservices and our database of current jobs <http://www.subr.edu/page/subr-handshake>

Handshake is now the # 1 platform at the Nation's Top universities. The Career Services Center at Southern University launched this new resource to provide more internship and employment opportunities beyond college.

On-Campus Recruiting

Employers interview students of all majors for co-ops, internship, full-time and part-time positions on campus every fall and spring semester. You must be active in the Jobs4Jags system in order to participate in campus recruitment.

Internship Program

Internships provide meaningful work experience related to your academic studies. They allow you to experience and evaluate a potential career while you are still in school. An internship can

also help you develop professional references and contacts for future networking. Internships are available for all academic majors. Attend an Internship Workshop for more information.

Career Fairs

The Career Services Center hosts career fairs each spring and fall semester. The career fairs are held in the F. G. Clark Activity Center from 10:00 a.m. to 3:00 p.m. Additional information about the career fairs is available in Career Services located in T. H. Harris Hall Suite 1100 and on the Career Services website at www.subr.edu/careerservices.

Career Workshops

Career Services facilitate workshops on topics including resume writing, interview techniques, internships, job search, and dressing for success. Contact the Career Services Center for dates, times, and descriptions of workshops.

Mock Interviews

Career Counselors are available to help you prepare for your employment and graduate/professional school interviews. Mock interviews are one-on-one practice interviews designed to prepare you for the real thing. Mock interviews are conducted every Friday.

Career Assessments

The Career Services Center in partnership with the University Counseling Center provides assessments (Sigi3) which focus on skills, interests, and personality for students needing assistance with career decisions. Visit the University Counseling Center's Website for additional information. **Sigi³**

Employer Seminars

Every semester, Career Services sponsors seminars facilitated by employers who actively recruit on our campus. Our Business and Industry Cluster also facilitate workshops to prepare our students for the workforce. Additional information about seminar and informational sessions are available in the center and on all social media sites for the center.

Company Tour Program

The Company Tour Program provide an opportunity for students to be exposed to a variety of learning experiences provided by sponsors, partner companies and organizations through working professionals. The intention of this program is to give students, who will soon enter the workforce rare exposure to business culture, working environments and the world of work. The structure of the event is flexible but may include a company overview presentation, job shadowing, student/employee interaction and a question and answer period. These experiences will vary in length. The site/company visits are coordinated by the Career Services Center. This program also provides an excellent opportunity for alumni to re-connect with the university and interact with current students.

Services for Our Employers

Establishing name recognition for your organization on any campus can be challenging as it requires varied approaches and strategies at every university and institution of higher learning. We offer a range of options and services to assist employers accomplishing their goals:

- Career Fairs / On-Campus Recruiting
- Employer Presentations and Information Sessions
- Access to Jobs4Jags
- Postings for Summer Jobs and Internships
- Postings for Permanent Employment
- Resume Referrals
- Networking Events
- Branding your company on campus

Services for Our Alumni/SU Connect

ALUMNI-Career Services assist alumni, up to six months following their graduation date.

As a result, the services listed below are available to alumni:

- *Resume referrals to employers who report vacancies to us.
- *Opportunity to participate in campus interviews and participate in spring and fall career week activities.

SU CONNECT-SU Connect is a program focused on pairing Southern University alums with Southern University students within their profession through a mentorship relationship consisting of monthly engagement through the use of email, phone and/or face-to-face interaction. Alums will share their journey, challenges, etc. and provide practical advice that will prepare and position the student for successfully securing employment opportunities.

To learn how the Career Services Center can assist you in meeting your employment needs, please contact the center at 225-771-2200 or careerservices@subr.edu.

JOBS4JAGS CORPORATE SPONSORSHIP PROGRAM

The Career Services Center at Southern University and A & M College has developed an annual Corporate Sponsorship Program. The **Jobs4Jags** Corporate Sponsorship Program provides opportunities for employers who want to maximize their recruiting efforts. The level of sponsorship is an annual commitment with benefits which include website presence, on-campus recruiting preference, and expanded campus exposure to Southern University students, alumni, faculty, and staff. The Career Services Center strives to develop collaborative relationships with students, alumni, employers, and student services to further enhance our students' career and academic development.

Southern University Institutional Advancement and Career Services Capacity Building Model and Process

Developing Relationships – Strengthening Partnerships – Impacting Students One Mission – Impacting Five Campuses

Capacity-building is defined as the “process of developing and strengthening the skills, instincts, abilities, processes and resources that organizations and communities need to survive, adapt, and thrive in a fast-changing world.” An essential ingredient in capacity-building is transformation that is generated and sustained over time from within; transformation of this kind goes beyond performing tasks to changing mindsets and attitudes. Universities in particular can serve as centers of capacity-building through research, innovation and data collection and analysis. Institutional Advancement and Career Services developed the Corporate Capacity Building Model for corporations and the initiative has impacted student development. University Career Services Departments are definitely evolving as innovation presents new efficient and effective ways to service students. Cultural paradigm shifts now appear to flow seamlessly through higher education, and as such the mission of the career center of the future will be to build meaningful connections through partnerships and develop career communities of learners and net-workers that engage students and alumni for a lifetime; which further substantiates the need for long-term strategic planning as opposed to short-term solutions that seem to die off with antiquated services and practices. Based on historical trends, the transformation in college career services post 2008 appeared to be inevitable, but now it requires intentional planning and collaborative engagement by all stakeholders involved, both internally and externally.

A PARTNERSHIP TO BUILD TOMORROW'S LEADERS

BECOME A CLUSTER MEMBER TODAY!

WELCOME TO CLUSTER

SOUTHERN UNIVERSITY AND A&M COLLEGE

As an active member of the Southern University Business and Industry Cluster, you will be involved in an exciting opportunity to interact with Southern University students, faculty, and administrators, and with peers from other companies and agencies. Together many positive programs, activities, and projects are developed which will produce well educated graduates prepared to assume leadership roles in the private and public sectors.

ABOUT CLUSTER

Initiated by the National Alliance of Business, Cluster is designed to help historically minority colleges and universities prepare graduates who are ready to assume professional positions in the private and public sectors. More than 1,200 companies and 80 colleges and universities participate in the Cluster program nationwide.

The program focuses on preparing college students to meet management and technical requirements of the business community by strengthening educational opportunities. Participating companies pool resources to assist schools in their efforts to provide a quality education. Company and college representatives work together to respond to the needs facing colleges today. Cluster also works with college organizations and faculty in developing ways to provide input into curriculum enhancement and research development.

BENEFITS OF CLUSTER

RECRUITMENT

Access to talent for gig assignments, co-ops, summer internships, and full-time employment.

STIMULATE CHANGE

Involvement in curriculum development to assist in preparing college students to meet the management and technical requirements of the business and industry community.

LIAISON WITH ADMINISTRATION

Establish close working relationships with University administrators to articulate first-hand the needs of their companies.

PERSONAL REWARDS

Participation in the development of workshops designed to assist students in building communication skills, preparing them to be successful in the workplace.

JOIN CLUSTER TODAY!

Since 1950, the Southern University Business & Industry Cluster, comprising of 25 to 30 local and national companies, has provided financial assistance, equipment, human resources, and technical support to the University. Such projects assist the University with continual growth and produces students highly qualified and prepared to assume leadership roles in public and private sectors.

The mission of the Southern University Career Services Center is to aid and assist the students and alumni of Southern University in developing, evaluating, and implementing career plans. The center, in partnership with local and national corporations, also provides opportunities for qualified applicants to secure internships and post-graduate employment.

US News & World Report
College Rankings

FIVE CAMPUSES:

SU Baton Rouge

SU Shreveport

SU New Orleans

SU Law Center

SU Agricultural Research
and Extension Center

For more than a century, Southern University and A&M College has provided a strong academic foundation and nurturing learning environment for thousands of trailblazing graduates and has served as a launching pad for renowned scientists, doctors, nurses, engineers, music moguls, artists, athletes, entrepreneurs, educators, and military professionals. From its humble beginnings with 12 students in 1880 New Orleans, Southern University has grown to a premier historically black institution with more than 7,000 students.

The University has garnered national recognition as a leader in progressive academic programs, ground breaking research, and community service with numerous awards, including a spot on the President's Higher Education Community Service Honor Roll. U.S. News and World Report ranked SU one of the nation's top tier historically black colleges and universities. The campus continues to build upon successful study abroad programs taking students as far as the Makerere University Business School in Kampala Africa, the Global Summer Institute in the Virgin Islands, and the Bering Glacier in coastal south central Alaska.

Southern University is a national leader in the production of minority science, mathematics and technology graduates who go on to pursue doctoral degrees and is one of the top producers of African-American nurses and engineers.

With more than 40 undergraduate programs and 30 graduate programs, students may choose many career paths including agricultural, family, consumer sciences, architecture, the arts, humanities, public policy, marketing, business, education, computer science, engineering, or nursing. The Southern University Law Center is located on the Baton Rouge Campus and provides access to a high quality and sound legal education for a diverse student body and offers many career opportunities including government service, private enterprise, and non-traditional legal related professions.
