BATON ROUGE, LOUISIANA

The movement in Louisiana for an equal opportunity institution of higher learning was sponsored in the 1879 Louisiana State Constitutional Convention by delegates P.B.S. Pinchback, T.T. Allain, T.B. Stamps, and Henry Demas. Their efforts resulted in the establishment of this institution for the education of persons of color in New Orleans. Southern University, chartered by Legislative Act 87 in April 1880, had a 12-member Board of Trustees. The act provided for the establishment of a faculty of "arts and letters" competent in "every branch of liberal education." The charter sought to open doors of state higher education to all "persons competent and deserving." Southern opened with 12 students and a \$10,000 appropriation. With the passage of the 1890 Morrill Act, the University was reorganized to receive land-grant funds.

In 1912, Legislative Act 118 authorized the closing of Southern University in New Orleans, the sale of its property, and the reestablishment of the University on a new site. In 1914, the "new" Southern University opened in Scotlandville, Louisiana, receiving a portion of a \$50,000 national land-grant appropriation. Southern University in New Orleans and Southern University in Shreveport were authorized by Legislative Acts 28 and 42 in 1956 and 1964 respectively. The Southern University Board of Supervisors, a management board authorized by the Louisiana Constitution of 1974, was created to govern the Baton Rouge, New Orleans, and Shreveport campuses. In 1985, the A.A. Lenoir Law School was designated the Southern University Law School. Dedicated in January 2002, Ashford O. Williams Hall is home to the fifth SU System campus, the Agricultural Research and Extension Center, which is located in Baton Rouge.

CAPS AND GOWNS

Academic caps and gowns represent a tradition which has come down from the universities of the Middle Ages. They were once common forms of clothing and were retained by the clergy when the laity adopted modern dress. Early European universities were founded by the church and students were obliged to wear prescribed gowns and caps at all times.

The usual color for gowns in America is black, although some universities are gradually adopting colors representative of their institutions. Hoods are lined with the college colors and are trimmed with the color appropriate to the degree.

Caps are usually black. The tassel for the bachelor's degree may be the color distinctive of the degree. The tassel for the Doctor of Philosophy is made of gold thread.

Felica Coney

Global Tech Executive

Ms. Felica Coney is a globally recognized visionary and accomplished supply chain and operations executive, celebrated for her ability to transform organizations, inspire leaders, and deliver world-class operational excellence. With a distinguished record across multiple industries, she has led strategic growth organizations through some of the most complex challenges of the modern economy — consistently elevating performance, enabling large-scale transformation, and positioning companies to lead their industries. Throughout her career, Coney has built and guided high-performing teams across the world in supply chain, manufacturing, assembly, logistics, and end-to-end operations. Her leadership has influenced some of the most respected global corporations.

From 2019 to 2021, she served as divisional vice president in grocery at Walmart, where she delivered step-change improvements in EH&S, quality, and customer on-time delivery. She also accelerated the introduction of automation and digitization strategies that fundamentally reshaped how Walmart served millions of customers. Prior to Walmart, Coney served as vice president of Operations Quality and Environment, Health, and Safety for the Interiors, Actuation and Propeller Systems business — and later the Mechanical Systems business — at Collins Aerospace. She developed the organization's groundbreaking Smart Factory roadmap, enabling next-generation digitization, automation, and lean manufacturing across global sites. Coney began her career at Procter & Gamble, where she excelled in a wide range of leadership roles. Her final role — senior director, Supply Network Operations, Fabric Care Asia — positioned her as a key architect of P&G's e-commerce expansion in emerging markets, driving unprecedented household penetration through innovative supply chain design, optimization, and flawless execution. Her earlier career contributions also included establishing world-class lean manufacturing systems recognized across the industry.

Coney's foundation for global impact began right here. She is a proud alumna of Southern University and A&M College, where she earned her B.S. in civil

engineering. During her undergraduate matriculation, she was initiated into Delta Sigma Theta Sorority Inc., through the Alpha Tau Chapter, an experience that strengthened her lifelong commitment to public service, community leadership, social justice, and equity.

Coney's achievements have earned her national acclaim. She currently serves on the board of directors for the Simpson Manufacturing Company (SSD), and she contributes her expertise as a member of the engineering advisory boards at North Carolina A&T State University and Southern University A&M College. She is also a trusted supply chain and technology executive advisor for several Fortune 100 companies. In 2025, Coney was featured by BoardProspects as one of "100 Black Board Members Making a Difference," and she was inducted into the prestigious National Black College Alumni Hall of Fame. She continues to champion ethical, responsible innovation in her role as education chair of the AI Ethics Council powered by Operation HOPE, where she fosters a culture of technical excellence, principled leadership, and high-velocity execution.

Coney resides in Atlanta, Georgia, with her spouse, Kelvin. Together, they are the proud parents of twin sons, Jahvon and Jaelen.

THE STAR-SPANGLED BANNER

by Francis Scott Key, 1814

Arrangement by Thomas Dawson

Oh, say can you see by the dawn's early light

What so proudly we hailed at the twilight's last gleaming?

Whose broad stripes and bright stars thru the perilous fight,

O'er the ramparts we watched were so gallantly streaming?

And the rocket's red glare, the bombs bursting in air,

Gave proof through the night that our flag was still there.

Oh, say does that star-spangled banner yet wave

O'er the land of the free and the home of the brave?

“LIFT EV’RY VOICE AND SING”
By James Weldon Johnson, 1899
Arrangement by John Rosamond Johnson

Lift ev’ry voice and sing

‘Til earth and heaven ring

Ring with the harmonies of Liberty

Let our rejoicing rise

High as the list’ning skies

Let it resound loud as the rolling sea

Sing a song full of the faith that the dark past has taught us

Sing a song full of the hope that the present has brought us

Facing the rising sun of our new day begun

Let us march on ‘til victory is won.

ALMA MATER

Original Words And Music By R.E. Brown, Jr.

Dear Southern

O Southern, Dear Southern, Thy praises we shall sing

Until all the heavens and echoes loudly ring.

The winds of the sky as they pass us by

Will adoration bring.

O Southern, Dear Southern, we owe our all to Thee

In downfall or victory, we'll always loyal be.

Thy Sons and Daughters as they work

Will be inspired by Thee.

O Southern, Dear Southern, Thy name will ever be

As mighty as the river that flows on to the sea.

As pure and true as the Gold and Blue

That stand out bold for Thee.
