

Student Health Services Confidentiality Statement

The Southern University Student Health Center complies with HIPAA in protecting the privacy of the student's medical record. Prior to initial treatment, each student receives a notice of privacy practices which describes how medical information about them is used and disclosed and how they can get access to this information. After receiving and reviewing this notice, the student signs an acknowledgement of receipt of the notice of privacy practices. (This information is noted on the web page under the HIPAA section). Prior to information being shared with an outside source the student signs a medical release of information form. (This information is also accessible from the Student Health website under the HIPAA section)
