

CAMPUS UPDATE

July 31, 2020

Division of Academic Affairs

IMPORTANT NOTICE TO THE CAMPUS COMMUNITY

**Three Modes of Instruction
are available at Southern University and A&M College
for classes beginning August 12, 2020.**

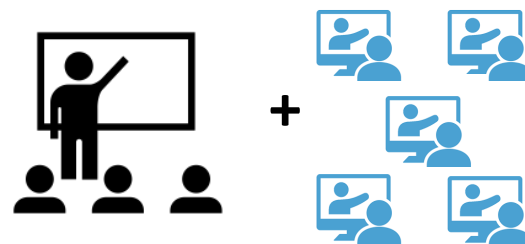

Traditional

The students and instructor are in a designated classroom at scheduled days and times.

Hybrid

At scheduled days and times, students will meet in-person or choose to receive remote instruction synchronously via Microsoft Teams and MOODLE.

Online

Instruction is fully online and asynchronous with no day and time specified. However office hours can be hosted at a day and time by instructor.

For additional information, please contact the dean of your college or school or your department chair.

NOTE: A majority of the courses are being offered using the Hybrid mode. This will allow students to receive instruction either in the designated classroom or remotely on pre-specified days and time. Instructors will reach out to students, using MOODLE, to receive their preference or choice of where they will receive class instruction and manage class attendance accordingly.
