

SOUTHERN UNIVERSITY

Department of Computer Science

36<sup>th</sup> ANNUAL

Dr. Leroy C. Roquemore

Symposium

February 19th -20th

The department of Computer Science would like to invite you to the 36th Annual Dr. Leroy C. Roquemore Computer Science Symposium to be held February 19th and 20th at Southern University.

The theme of this year's symposium is "Innovations in Technology." The computing world is constantly evolving. Almost everyday there are new innovations in the field of Computer Science in areas such as Gaming, Robotics, Virtual Reality, Computational Science, E-Business and Cloud Computing. Participation in this symposium will assist in motivating and challenging our future leaders by presenting new ideas and cutting edge innovations. The technical sessions will include hands-on activities, panels, videos and tutorials.

For more information and registration details, please contact Alvin Allen at 225-771-2454 , 225-771-2060 or [alvin\\_allen@subr.edu](mailto:alvin_allen@subr.edu).
